¹ Plans closed to new workers or plans that cease accruals for some or all plan participants.

² The length of time is calculated based on the year the plan was modified. For example, plans frozen after January 2018 are included in the "1 year" column. Those frozen between 2014 and 2017 are included in the "2 to 5 years" column and plans frozen before 2014 are included in the "Greater than 5 years" column.

³ Surveyed occupations are classified into wage categories based on the average wage for the occupation, which may include workers with earnings both above and below the threshold. The categories were formed using percentile estimates generated using wage data for March 2019.

Note: Because of rounding, sums of individual items may not equal totals. Dash indicates no workers in this category or data did not meet publication criteria. For definitions of major plans, key provisions, and related terms, see the "Glossary of Employee Benefit Terms" at www.bls.gov/ncs/ebs/national-compensation-survey-glossary-of-employee-benefit-terms.htm.
