<sup>1</sup> The remaining workers include both workers not receiving the benefit and workers for whom the availability of the benefit could not be determined.

<sup>2</sup> Less than 0.05.

<sup>3</sup> Surveyed occupations are classified into wage categories based on the average wage for the occupation,

which may include workers with earnings both above and below the threshold. The categories were formed using percentile estimates generated using data from the National Compensation Survey publication, "Employer Costs for Employee Compensation - March 2013."
